Dear David,

Thanks very much for the JFK assassination issue of that strange manifestation of "youth culture", FILTH.

If you ever hear of anyone interested in Pelley, what I got back from the FBI, to which I gave all I had, I gave to Dave Wrone, Univ. Wisc, Stevens Point, WI 54481.

If I did not tell you, I gave you catalogue to local Hood College.

Did you get a notice from the publisher of the appearance of Selections from Whitewash? I've not heard of it being annpunced. Out last month.

Carroll & Graf/Richard Gallen.

Thanks and best wishes,

Harold
